Local Navy Veteran Receives New Gutter System Through "Gutters for Good" Program

*Rebuilding Together Saratoga County Partners with
The Brothers That Just Do Gutters Capitol District to Support
Veteran Families in Need*

GLENS FALLS, NY—May 20, 2025—[Rebuilding Together Saratoga County](#), has partnered with The Brothers [That Just Do Gutters Capitol District](#) to deliver a professionally installed gutter system to Glens Falls Navy veteran Charles Winchell and his family through the national [“Gutters for Good”](#) initiative. This charitable program provides no-cost, professional-grade gutter systems to deserving veteran homeowners across the country.

Winchell, a Navy veteran who served six years active duty and four years in the reserves, lives with his wife, their two disabled adult children, and a special needs foster son. The new seamless gutter system will help prevent water damage and improve safety at their Glens Falls home.

“This gutter system is going to make a big difference for us,” said Charles Winchell. “Our family faces a lot of challenges every day, and to have something like this taken care of—something we couldn’t afford on our own—it means the world to us.”

The installation will be completed by Patrick Neill, owner of The Brothers That Just Do Gutters Capitol District franchise and his team of employees. Other sponsors contributing to the project include Rebuilding Together Saratoga County, Atlantic Gutter Supply, Universal Manufacturing & Design ONE Gutter Guard, Cintas, Mission Barbeque and the *Albany Times-Union*.

A veteran himself, Patrick Neill enlisted in the military after the events of 9/11, later earning admission to West Point. He served 13 years and was medically retired from the U.S. Army as a Captain. “As a veteran-owned business, giving back to the veteran community through ‘Gutters for Good’ is personal for us,” said Neill. “We are honored to serve a family that has given so

much to others. We've received incredible support from the local community and like-minded businesses, and we are grateful to serve a community where sacrifice is remembered, and service is respected. At The Brothers That Just Do Gutters, we believe in doing more than just installing gutters—we believe in making a difference where it matters most.”

The project is being carried out in partnership with Rebuilding Together Saratoga County, a nonprofit dedicated to repairing homes and revitalizing communities for those in need.

“This initiative reflects the heart of our mission—bringing together community partners to ensure families like the Winchells live in safe and healthy homes,” said Michelle Larkin, Executive Director of Rebuilding Together Saratoga County. “We are grateful to The Brothers That Just Do Gutters for their leadership and generosity.”

Seamless gutter systems offer long-lasting protection by minimizing leaks and enhancing durability. The Brothers That Just Do Gutters uses on-site fabrication and high-quality materials to ensure each installation is tailored to the home's structure and weather demands.

About Rebuilding Together Saratoga County

Rebuilding Together Saratoga County (RTSC) is a nonprofit organization dedicated to repairing homes, revitalizing communities, and rebuilding lives. For more than a decade, RTSC has provided critical home repairs and modifications to low-income homeowners, ensuring they live in safe and healthy environments. Through partnerships with volunteers, donors, and local organizations, RTSC continues to make a lasting impact on the Saratoga County community.

About The Brothers that just do Gutters

Since opening The Brothers That Just Do Gutters Capitol District in 2021, owner Patrick Neill has promised Albany and the surrounding area a five-star gutter service experience. The company's mantra, “Reinventing Contractor Service™” is the phrase they live by in all areas of business, every day. The story of The Brothers that Just do Gutters began with hard work and a dream to be a community-loved contractor. They wanted to reinvent how clients experience contractor services and provide a level of customer service and reliability that was lacking in the industry. By creating a unique experience with the homeowner, investing in their employees, sourcing the best products, and creating training methods for publishing every review a homeowner made on our independent review services, The Brothers That Just Do Gutters started to rise above the rest.
